

Silk-like Precision Brings the Beauty of Printing

Jun, 2012.
The Standardization of
Oval Textile Printing

Oval Industrial Automatic Oval Printer

- High productivity, maximum productivity up to 700 pcs/h.
- Cooperates with M&R®, introduces CIMS¹ and advanced assembly management
- Consecutive operation mode, matches a variety of garment printing demands
- 6-24 high precision printheads, achieves refined garment printing quality
- Open body design, can augment the number of work stations in a personalized way
- Oval shape takes up less floor space, reduces dimension from planes to lines
- Offers customers personalized solutions and professional operation training
